Bug fixes

- Customers placing orders via payment plans with an initial charge of \$0.00 received an error "The Pay Plan is not due to be charged" despite their order being successful. ([Known Issue 2300043](#))
 - All Checkboxes on web forms were required to submit the form, even if they had not been set as required when the form was created. ([Known Issue 2336059](#))
 - Some decision diamonds would temporarily ignore their rules and add contacts to all attached sequences before returning to working as expected.
-
